SUPERIOR COURT OF NEW JERSEY
LAW DIVISION, MORRIS COUNTY
DOCKET NO.: MRS-L-_____-24

CIVIL ACTION

COMPLAINT

Plaintiffs Atlas Data Privacy Corporation (“Atlas”) as the assignee of individuals who are Covered Persons under Daniel’s Law along with Jane Doe-1 (a law enforcement officer), Jane Doe-2 (a law enforcement officer), and Peter Andreyev (collectively, “Plaintiffs”), by and through their undersigned counsel, hereby submit this Complaint against Defendants and state as follows:

INTRODUCTION

1. In these tumultuous times, it is critical that the most sensitive personal information of those who serve the public be protected from unwarranted disclosure. As set forth below,

Daniel's Law was passed unanimously by our Legislature to provide judges, law enforcement officers, and prosecutors – and their families – with the right to prevent the disclosure of their home addresses and unpublished home telephone numbers, and to enforce those rights against uncooperative profit-seeking data brokers.

2. This complaint seeks to protect those important rights, against companies brokering data and choosing profit and personal gain over a critical public interest and the unequivocal mandate of the law. Companies in the business of disclosing this protected information have avoided accountability for far too long, proffering such information, including home addresses and unpublished home telephone numbers, without sufficient regard for the risks and consequences imposed upon individuals who serve critical judicial and law enforcement roles.

3. The Legislature and Governor unanimously agree that the basic safety of those who serve – and their families – must be assured. Here, not only do the data brokers wantonly and repeatedly disregard the law, but they also demonstrate a callousness towards the well-being of those who serve. Our judges, law enforcement officers and prosecutors should receive the full measure of protection afforded to them under the same laws they enforce for the safety of all citizens.

4. With this action, Plaintiffs seek to enforce the important rights granted to judges, law enforcement officers, and prosecutors under Daniel's Law. Consistent with the statutory provisions, Atlas brings this action as an assignee for certain individuals, including many family members of law enforcement officers and prosecutors. Plaintiffs seek all available injunctive relief and statutory damages, including to prevent any further disclosure by Defendants of information in violation of Daniel's Law.

BACKGROUND

Passage of Daniel's Law in New Jersey

5. In July 2020, Daniel Anderl, the son of a New Jersey federal Judge, was shot dead by a gunman posing as a FedEx delivery man at the front door of the family's New Jersey home. Daniel, who was just age 20 and a rising junior in college, and who aspired to practice law like his parents, took a bullet to his chest trying to protect his parents. By the time his mother, a Judge, came to the door to check on what happened, the killer was gone. But her husband was critically wounded, and Daniel tragically died from the gunshot.

6. During the investigation, the perpetrator was found to have certain political and personal grievances against the Judge, and went to their home that day intending to kill her. Instead, he murdered the Judge's son and almost succeeded in killing her husband as well. Investigators eventually connected this attack with another shooting of an attorney in California, who was similarly mortally gunned down answering the door to his residence to pick up a supposed package from the same disguised gunman. Authorities concluded that the shooter was disgruntled over certain legal cases with similar political and legal issues to what was pending before Daniel's mother.

7. Critically, the gunman was able to find the home addresses of both of his murder victims through the various people finder resources available on the internet,¹ the same kind of data broker services at issue in this case.

New Jersey Passes Daniel's Law in 2020

8. In response to the shooting of Daniel, New Jersey enacted Daniel's Law within a few months, in November 2020 (P.L. 2020, c. 125 *codified in* N.J.S.A. 47:1A-1, et seq. and N.J.S.A. 56:8-166.1), which prohibits online data brokers from selling, publishing, and distributing the name and address of current and former judges, law enforcement officers, and prosecutors and their eligible family members (i.e., "covered persons"), upon any written request by the covered person. Law enforcement personnel are expressly covered by the statute, in full recognition that the public service they provide is no less dangerous or important than those of Judges and prosecutors.

9. Any such covered person may request that a data broker not "disclose or re-disclose on the Internet or otherwise make available" their home addresses or unpublished home telephone numbers. Disclosure is defined to mean to "solicit, sell, manufacture, give, provide, lend, trade, mail, deliver, transfer, post, publish, distribute, circulate, disseminate, present, exhibit, advertise, or offer, and shall include making available or viewable within a searchable list or database, regardless of whether a search of such list or database is actually performed." Data brokers must cease disclosure of this protected information within 10 business days of receiving a nondisclosure request from a covered person.

Congress Passes Daniel Anderl Judicial Security and Privacy Act in 2022

10. Similar to the actions taken by the State of New Jersey, federal judges such as U.S. Supreme Court Chief Justice John G. Roberts Jr. proposed and supported a federal version of Daniel's Law. The Chief Justice was quoted stating, "[t]he law requires every judge to swear an

oath to perform his or her work without fear or favor, but we must support judges by ensuring their safety ... [a] judicial system cannot and should not live in fear.”²

11. The federal bill, which had broad bipartisan support in both the House and Senate, protected judges’ personally identifiable information from resale by data brokers. It allowed federal judges to redact their personal information displayed on federal government internet sites.

12. The U.S. Senate voted 83-11 to pass the annual defense authorization bill, with the Daniel Anderl Judicial Security and Privacy Act attached,³ and it was signed by President Biden.⁴

Violence Against Police Officers and Judges Has Not Stopped

13. Judges, law enforcement officers, and prosecutors put their lives on the line every day, which is clearly exhibited by numerous horrific stories of violence beyond the story of the murder of Daniel Anderl. For example, in 2020, three shooters openly fired upon the Camden home of two New Jersey police officers and their 10-day old infant. That the officers were constantly involved in the community doing good afforded them no safety from the perpetrators.⁵

14. More recently, another perpetrator hunted and killed in cold blood a Maryland Judge, after a child custody ruling.⁶ The killing followed that of a Wisconsin Judge in 2022, where the perpetrator killed the retired Judge out of spite for his handling of a criminal case in 2005.⁷

THE PARTIES

The Individual Plaintiffs

15. Plaintiff JANE DOE-1, whose name has been anonymized for safety reasons, is a decorated veteran police officer working in Northern New Jersey. Between 2021 and 2022, Officer Doe-1 participated in a task force that targeted a major criminal organization operating in the state. Her efforts ultimately led to the arrest and prosecution of a member of the organization's leadership, an individual with an extensive criminal history including threats of violence. In the subsequent investigation, digital devices recovered from the organization's leadership were analyzed and photographs of Officer Doe-1's personal residence were identified. Officer Doe-1 lives in the home with her spouse and their young child. Evidence recovered in the investigation included night-time photography of the young child's bedroom and playroom windows, with the light on while the child was playing inside. Further investigation revealed that the criminal organization's leadership had hired a private investigator who searched online data broker websites to obtain the officer's home address. Having identified her home address, text messages confirmed that they had initiated surveillance and were tracking Officer Doe-1's movements to and from her home, immediately prior to the task force initiating arrests.

16. Plaintiff JANE DOE-2, whose name has been anonymized for safety reasons, is a veteran correctional police officer who lives in Northern New Jersey with her husband and two young children. Earlier in her career, Officer Doe-2 was the subject of a death threat from a hostile inmate. The inmate stated that they intended to kill Officer Doe-2, and further implied that they would rely upon a particular private investigator to track down Officer Doe-2's home address to facilitate the murder. This death threat was investigated and considered credible enough to result in a successful criminal prosecution. Part of Officer Doe-2's current duties include working in her

correctional facility's law library, where inmates have access to the Internet including online data broker websites and services. Recently Officer Doe-2 and her coworkers discovered a note left behind by an inmate which included the full name and home address of a young female member of the jail's administrative staff. The most effective ways to safeguard the security and privacy of their home addresses - for their own safety and that of their family members - is a frequent topic of discussion and concern among the correctional police officers working at Officer Doe-2's facility.

17. Plaintiff Officer PETER ANDREYEV is a 32-year veteran of the Point Pleasant, New Jersey police department. Officer Andreyev currently services as the Executive Vice President of the New Jersey State Policemen's Benevolent Association, representing more than 33,000 active law enforcement officers throughout the state. During the course of his law enforcement career, he has received numerous threats of violence targeted at him and his family as a result of his public service. Officer Andreyev has counseled many other officers who have been the target of violent threats on ways to protect themselves and their family members from harm. whose protected information has been discovered and has responded to specific incidents where protected information was used by ex-inmates to threaten, harass, or intimidate fellow officers.

Plaintiff Atlas and its Assignors

18. Plaintiff ATLAS DATA PRIVACY CORPORATION is a Delaware corporation, with offices at 201 Montgomery Street, Suite 263, Jersey City, New Jersey 07302.

19. As permitted under Daniel's Law, Atlas asserts claims against Defendants as the assignee of the claims of approximately 14,743 individuals who are all "covered persons" under

Daniel's Law (together, the "Covered Persons"), including a significant number of individuals who are family members of judges, law enforcement officers, and prosecutors.

20. The Covered Persons include individuals who reside, work or had previously resided or worked in New Jersey, and qualify as "covered persons" as that term is defined under Daniel's Law, each of whom have claims against Defendants for failing to comply with Daniel's Law.

21. As set forth in more detail below, the Covered Persons (as well as the Individual Plaintiffs) each exercised their rights under Daniel's Law by sending Defendants a written notice requesting that Defendants cease disclosing or re-disclosing on the Internet or otherwise making available their protected information on one or more of Defendants' websites or through other methods of disclosure.

22. Defendants have not complied with the law by ceasing the disclosure or re-disclosure on the Internet or the otherwise making available of protected information as required under Daniel's Law for each of the Covered Persons (as well as each of the Individual Plaintiffs) as required by the law.

23. In accordance with Daniel's Law, each of the Covered Persons has assigned their rights for claims thereunder against Defendants to Atlas.

24. Atlas provides an online platform, including an email service named AtlasMail, to law enforcement officers, prosecutors, judges, and other covered persons. Atlas works with and provides access to its platform to members of the New Jersey State Policemen's Benevolent Association, the Metropolitan Transportation Authority Police Benevolent Association, New Jersey PBA Local 105, and the New Jersey State Troopers Fraternal Association, among others. The goal of these unions and associations, since the first passage of Daniel's Law in November

2020, was to increase the safety and well-being of their members and associated households by helping those members to understand and assert the rights provided to them by the law.

25. Upon signing up for Atlas, a law enforcement officer or other Covered Person is asked a series of questions to collect required personal information and qualify their eligibility as a covered person under Daniel's Law. Once eligibility is confirmed, they are shown a page explaining how the Atlas platform works:

How Atlas Works

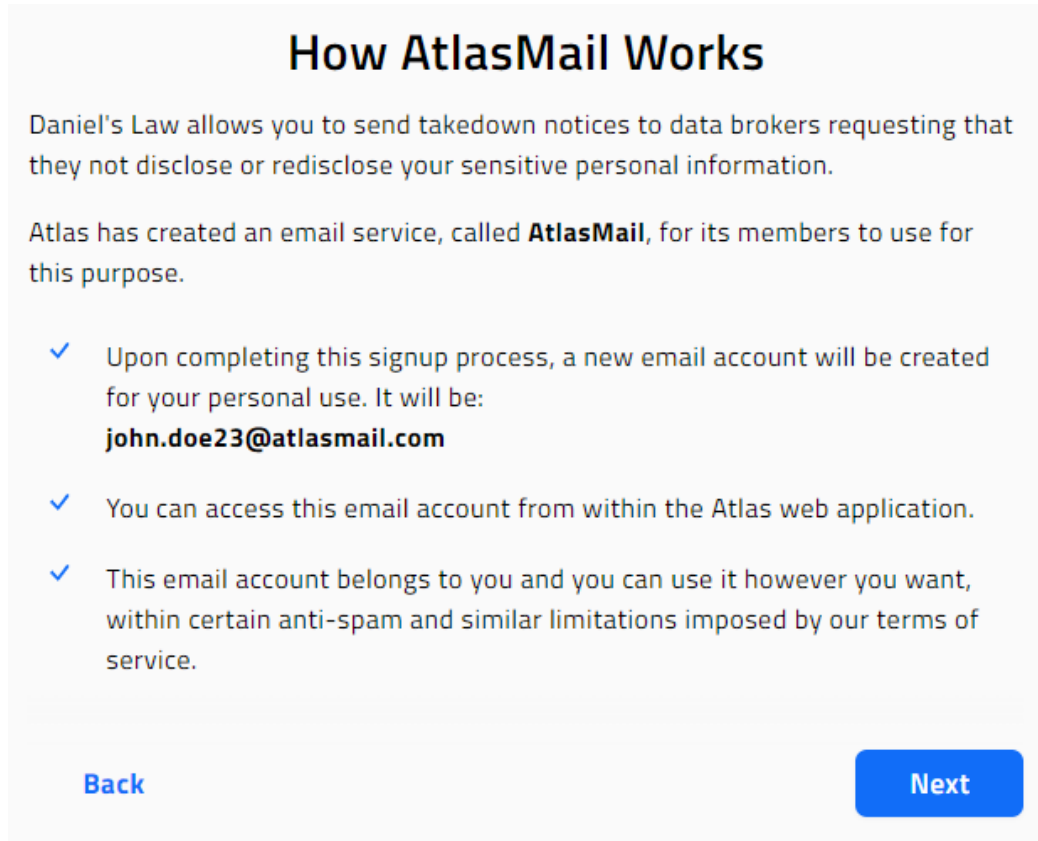

Daniel's Law allows you to send takedown notices to data brokers requesting that they not disclose or redisclose your home address or phone number. Atlas provides you with tools and services to help make the process more efficient.

- 1 We identify data brokers that may be disclosing your personal information.** As of January 2024, our system tracks over 1,000 data brokers who operate in the United States.
- 2 You select the data brokers to whom you want to send takedown notices.** We have lists of data brokers that we recommend, in order to make the selection process easier and more efficient. Alternatively, you can select recipients individually.
- 3 You review takedown notice templates.** AtlasMail provides you with templates for takedown notice emails.
- 4 You send takedown notices.** Your Atlas service includes an AtlasMail email address. You can use this email address to send takedown notices. More information about AtlasMail will be on the next screen.

[Back](#) [Next](#)

26. AtlasMail is an email service operated by Atlas. Upon signing up with Atlas, each law enforcement officer or other Covered Person receives their own AtlasMail account, with a unique inbox address (e.g. john.doe23@atlasmail.com) for their personal use. A description of

AtlasMail and more information about how the email service works are provided on a page during the signup process:

27. Having provided personal information, confirmed their eligibility for Daniel's Law, and progressed through several pages explaining the functions of Atlas as a platform and AtlasMail as an email service, the law enforcement officer or other Covered Person is then presented with a page on which they can review their home addresses and unpublished home telephone numbers, a takedown notice template, and a recommended list of data brokers to send notices to. On this page the law enforcement officer or other Covered Person can choose whether or not to send takedown notices. If they choose not to send takedown notices to the recommended list, they can select individual recipients at a later page (as shown in the example copied below). Here, each of the Individual Plaintiffs and Covered Persons sent Defendants a takedown notice.

34. Daniel's Law was passed to protect those who serve from the disclosure of this protected information by such services, which disclose such information of the Individual Plaintiffs and Covered Persons for their own commercial interests, without sufficient regard to the risks and consequences imposed on individuals.

JURISDICTION AND VENUE

35. This Court has jurisdiction because the parties reside and/or conduct business in New Jersey, along with the Covered Persons, and the unlawful actions complained of herein occurred in New Jersey.

36. Venue is proper pursuant to R. 4:3-2, in that Morris County is the county in which one or more of the parties and/or Covered Persons reside and/or conduct business. In addition, many of the events giving rise to this action occurred in this County.

FACTS COMMON TO ALL COUNTS

37. As set forth above, New Jersey enacted Daniel's Law in November 2020 (P.L. 2020, c. 125 *codified as* N.J.S.A. 47:1A-1, et seq. and N.J.S.A. 56:8-166.1).

38. Daniel's Law prohibits data brokers from disclosing or re-disclosing on the Internet or otherwise making available the home addresses or unpublished home telephone numbers of covered persons as defined in the law, upon a written request by those individuals.

39. Upon notification, and no later than 10 business days after receipt, a data broker must not disclose or re-disclose on the Internet or otherwise make available the home addresses or unpublished home telephone numbers of the covered person.

40. This includes a mandate that within 10 business days of receiving a nondisclosure request, the data broker shall not disclose the protected information of the covered person. Disclosure is defined to mean to "solicit, sell, manufacture, give, provide, lend, trade, mail, deliver,

transfer, post, publish, distribute, circulate, disseminate, present, exhibit, advertise, or offer, and shall include making available or viewable within a searchable list or database, regardless of whether a search of such list or database is actually performed.”

41. Daniel’s Law was amended in 2023, as P.L. 2023, c. 113. The amendment was passed unanimously by the Assembly on May 25, 2023, by the Senate on June 20, 2023, and was thereafter signed by the Governor on July 20, 2023.

42. Certain provisions of the amended law, including changes to N.J.S.A. 56:8-166.1, went into effect immediately.

43. As of July 20, 2023, Daniel’s Law as codified in N.J.S.A. 56:8-166.1 provided:⁹

3.a. (1) Upon notification pursuant to paragraph (2) of this subsection, and not later than 10 business days following receipt thereof, a person, business, or association shall not disclose or redisclose on the Internet or otherwise make available, the home address or unpublished home telephone number of any covered person, as defined in subsection d. of this section.

b. A person, business, or association that violates subsection a. of this section shall be liable to the covered person, or the covered person’s assignee, who may bring a civil action in the Superior Court.

c. The court shall award:

(1) actual damages, but not less than liquidated damages computed at the rate of \$1,000 for each violation of this act;

(2) punitive damages upon proof of willful or reckless disregard of the law;

(3) reasonable attorney’s fees and other litigation costs reasonably incurred; and

(4) any other preliminary and equitable relief as the court determines to be appropriate.

d. For the purposes of this section:

...“Disclose” shall mean to solicit, sell, manufacture, give, provide, lend, trade, mail, deliver, transfer, post, publish, distribute, circulate, disseminate, present, exhibit, advertise or offer, and shall include

⁹ <https://pub.njleg.state.nj.us/Bills/2022/PL23/113 .PDF>

making available or viewable within a searchable list or database, regardless of whether a search of such list or database is actually performed.”

44. Starting on or about January 19, 2024, each of the Individual Plaintiffs and all of the Covered Persons (who assigned claims to Atlas) sent Defendants written nondisclosure requests (via email) in accordance with Daniel’s Law, using AtlasMail.

45. For example, a true and correct copy of the email directly from Plaintiff Andreyev (with personal information redacted) is pasted here:
